VisIR Ti200 camera used for all images. For more information, please see: [www.visir.net](http://www.visir.net) or contact: [sales@dy-inst.co.za](mailto:sales@dy-inst.co.za)

The Thermal images in this report were acquired using the Thermoteknix VisIR<sup>®</sup> Ti200 thermal imaging camera.

The visual images in the report were acquired using the color visual imaging camera which is fully integrated into the VisIR<sup>®</sup> Ti200 camera body.

This report content was generated using the TherMonitor<sup>®</sup> Reporter “Wizard” function. Thermal analysis of the images was completed using the TherMonitor<sup>®</sup> Reporter image analysis tools, which are integral to this accessory package.
